

# Shoots Key Stage 2 Newsletter

We've had another busy and productive time in Shoots as we motored on through week four of this six week half term.

Gold class had a lovely time on their trip to St Albans Outdoor gym on Wednesday as part of our Healthy Lifestyle topic.

Yellow class have been working on their understanding of emotions in PSHE.

Pearl class have been learning about different shapes in Maths and talking about how to recognize them. They went on a shape walk and found lots of rectangle doors, circle wheels, square pavement blocks and even a few triangles and oval shaped signs. The children also drew shape pictures and incorporated shapes such as square houses with triangle roofs or circle ice creams and triangle cones.

In Silver class we enjoyed races in class as we learnt about ordinal numbers in our Maths lessons.
