

LEAVES NEWSLETTER

Stars of the Week in Leaves

Welcome to the Leaves weekly newsletter where you can catch up with our pathway.

This year there are five classes in the leaves pathway with children from year two to year six.

We will continue to work through three areas of maths, number, measure and using and applying while English in each class will be based on a different story.

This Half Term our Theamatic Unit is based upon our world. Our question across the pathway is

How can we look after our world and the people on it?

In PSHE our focus learning will be about who we want to be in the world and why.

Sapphire Class - Alex for being super helpful in ICT - helping both adults and children!

Ruby Class - Hammad for being more independent by organising his belongings, tidying up and enjoying his morning activity power walks. Super walker!

Amber Class - D'Shaun for trying really hard to manage his emotions.

We had a lovely day yesterday learning all about internet safety. The children drew some lovely pictures of internet devices and enjoyed learning how to keep themselves safe online including not talking to strangers online and not giving out personal information such as name and school while on the internet. They have continued with the Chinese New Year art theme and this week made some animals representing each year of the Chinese calendar. We are beginning our topic of money in maths this week and the children were all very good at identifying different coins and notes.

Emerald Class have enjoyed learning about why we need to look after our world and how we can do that both in school and at home. They made poster to display around school to help other pupils learn new ways they can help too! We also spent a lot of time learning about how to be safe when using the internet and games.

Ruby class have enjoyed learning about air pollution this week and ways to look after our air, land, animals and people. They also enjoyed an 'optical illusion' challenge where they had challenges to find and compare what they could see in different pictures. We all learnt that we see things differently. Well done Ruby class!

Opal class have continued to think about our topic and have particularly been thinking about being global citizens this week. We have been talking about the ways we can damage environments and what our responsibilities are. We had a great swimming lesson and were enjoying talking about our english story there - pretending to be Piranha's in the water!

Amber class have had another busy week. We made our own dance moves like Gerald the Giraffe and showed our friends. On Thursday it was Safer Internet Day! We read a story on how to be safe and looked at what is not safe to share online. In Cookery, the children made Macaroni cheese with homemade garlic bread and it was delicious!
