

English

This half term we will be looking at the story of the enormous turnip. The children will be taking in part in role play sessions to act out the story. We will also be having a go at creating our story books and changing the story.

At home- Have a listen to the story on YouTube.

PE

This term we will be focusing on gymnastics. We will be learning how to balance and rolls in different ways.

At home- Encourage you children to be active. Go to the park, climb on the climbing frames and have a run around.

Cooking

This half term we are learning to make pastry. We will be using the pastry to make small tarts with different types of fillings.

At home- encourage your children to join in with the cooking! Allow them to explore the ingredients you are using

Science

To link in with our topic work , for the majority of the term, we are going to be learning about lights and shadows. We will be creating shadow puppets, explore torches and making simple electric circuits.

At home- Look at your shadows and shadows of the things around you.

Maths

As previously stated, maths is split into three stands. Number, measurement and geometry. We will be learning about weight and capacity , pattern and shape.

At home - Count everything with your children, listen to number and shape songs. Encourage your child to feel different shapes and weights.

Whizz Bang Aut 2 2018/2019

Art

Our art and craft sessions are going to be linked to the festivals we will be learning about during topic lessons. We will be creating firework pictures, rangoli patterns and Christmas /winter crafts.

At home- have fun and make a mess!

Topic

This terms topic with whizz bang. We will be learning about light fireworks and different festivals that take place during this term. We will be looking at bonfire night, Diwali, Hanukah and Christmas.

At home- Go and watch some fireworks or watch videos on the computer. Create some firework paintings.

Computing

This half term we are going to looking at using the computers and Ipad to create a story.

During ICT topic will be creating pictures of fireworks, pumpkins and exploring light software.
