

LEAVES NEWSLETTER

Welcome to the Leaves weekly newsletter where you can catch up with our pathway!

This half term our thematic units are all about superheroes!

Superheroes give us the opportunity to think about a range of topics within our science curriculum

Every half term we ask a question in each class and year group. This half term our questions are:

What are my body's super senses?

What does a super hero need to stay healthy?

How do superheroes powers work?

In English we are exploring stories from other cultures. This gives us an opportunity to not only continue to build our english skills but also to engage with our multicultural society and link with our PSHE learning.

In Cookery we have linked up with our superheroes topic to think of recipes that include "superfoods".

Stars Of The Week

Emerald - Maryam for good handwriting

Ruby - Ayesha for fantastic english work

Amber - Markuss for being kind and always helping another child in phonics

Opal - Junior for being very grown-up and helpful

We have had another busy week in Ruby Class!

In Maths we have been continuing our work on number bonds, in English we have been thinking of our own sentences to describe pictures, characters and settings from our story and in Cookery this week, we made cheese and chia seed crackers - they were quite a hit!

In Opal class we had an unsettled start but we have had a lovely end to the week. We have been learning about friction and forces that affect motion and also thinking about accepting others and why racism is unacceptable to link in with our english story. We have also been talking about RSE and the correct names for our body parts.

Emerald class have had a good week at school.

We have been continuing to learn about number bonds in maths and continuing to develop our mastery skills. We have also enjoyed our cookery, making cheese crackers! We have continued to get stuck in with our thematic unit question, learning about all the senses that we have and how they might help us be superheroes!

In Amber Class this week we finished off our book Granny went to Market and wrote book reviews. The children have continued to order, group and compare numbers and objects in maths. They all enjoyed making cheese crackers and they were delicious! They are continuing to learn how to 'twist' in PE and are having great fun learning how to. They are all enjoying learning what Muslims believe in RE and today we learnt about the 5 pillars of Islam.
