

# LEAVES NEWSLETTER

Welcome to the Leaves weekly newsletter where you can catch up with our pathway!

This half term our thematic units are all about superheroes!

Superheroes give us the opportunity to think about a range of topics within our science curriculum

Every half term we ask a question in each class and year group. This half term our questions are:

What are my body's super senses?

What does a super hero need to stay healthy?

How do superheroes powers work?

In English we are exploring stories from other cultures. This gives us an opportunity to not only continue to build our english skills but also to engage with our multicultural society and link with our PSHE learning.

In Cookery we have linked up with our superheroes topic to think of recipes that include "superfoods".
